Printable Ring Sizer

SIZES 6 · 7 · 8

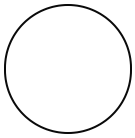

STEP 1 — CHECK THE PRINT SCALE

Print this page at **100% / Actual size** — not "Fit to page". Then hold a ruler against the bar below: it must measure exactly 100 mm. If it does not, reprint with scaling set to 100%.

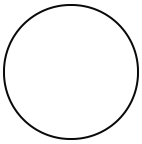

STEP 2 — MATCH A RING YOU ALREADY OWN

Place a ring flat over a circle. The correct size is the circle whose outline sits just hidden underneath the inside edge of the band.

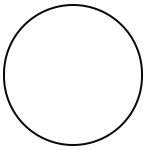

6

16.5 MM

7

17.3 MM

8

18.1 MM

STEP 3 — OR MEASURE YOUR FINGER

Cut out the strip below. Start with the **0 edge** against your finger, wrap the strip around the base of the finger until it passes over itself, and pull snug. Read the number the 0 edge points to. The leftover length simply hangs loose.

The marks sit 51.9 mm (size 6), 54.4 mm (size 7) and 57.0 mm (size 8) from the 0 edge. Between two marks, choose the larger size.

TIME OF DAY

Measure in the evening, when fingers are largest.

TEMPERATURE

Avoid cold hands — they read a size small.

FIT

Should slide on easily, resist slightly at the knuckle.
